J. C. Philbrick, Oregon, Mo. Cigarettes are Death.

Cigarettes kill more boys than small pox does. Mr. Charles Bulkley Hubbell, a prominent lawyer of New York. and a very useful member of the board night. of education, has set on feet a muchneeded reform in a thoroughly practical way. His attention having been called to the extent to which cigarette smoking is practiced by school boys, and to night. Office over F. W. Walter's store, its pernicious effects upon the mind and body, he conceived the idea of appeal ing to the manhood of the boys and crystallizing school sentiment against the habit. He therefore prepared a very simple pledge, the signers of which agree to abstain from eigarette-smoking until they reach the age of twenty-one Special attention given to years, and to use their influence to induce all boys of their acquaintance to take the same step. As a result of Mr. Hubbell's efforts, anti-cigarette-smoking leagues have been started in the schools in New York, and it is Mr. Hubbell's anticipation that by the first of May seventy-five thousand boys in the . . . Physician & Surgeon. public schools of the metropolis will have enlisted in this reform movement. Mr. Hubbell mentions the fact that the medical examiner of one of the largest life insurance companies recently said that he would not accept as a risk the life of an applicant who had steadily smoked cigarettes between the ages of

eight and eighteen. He also calls attention to the fact that professional men and shopkeepers will no longer take boys Graduate of the American Veterinary known to be cigarette-smokers into their employ, so immediately does the their employ, so immediately does the habit intersfers with their business.

These facts are to the point, although no evidence is needed to convince intelligible.

The series of the point of the poin evidence is needed to convince intelligent people of the perniciousness of cigarette smoking by boys.
